A black and white photograph of a long, low, single-story building, likely a barracks or administrative structure. The building features a series of windows along its length and a central entrance. It is situated in a flat, open area, possibly a camp or military installation. A line of trees is visible in the background.

WHERE THE *ACTION* IS

WHERE THE ACTION IS

Around School . . .

Each school year contains many widely varied actions and activities, from sports to academics. It is our aim to faithfully record these thoughts, actions, and activities in each area of school life. It is with this aim that we have prepared the 1970 VIKING and present it to you.

In Sports . . .

In Academics . . .

W. Hawley Hawthorne
PRESIDENT
BRUNSWICK ACADEMY ASSOCIATION

ADMINISTRATION

EXECUTIVE COMMITTEE

SEATED, L. to R.: Sterling P. Clary; W. Hawley Hawthorne, President; James I. Clary. STANDING: Robert E. Lewis; Carrel B. Tuck.

Bryant R. Harper

ADMINISTRATOR

Mr. Bryant R. Harper assumed the duties of Administrator of Brunswick Academy on July 1, 1969. He came to us from Prince Edward County where he was Superintendent of the Public Schools for a number of years. Mr. Harper is, however, originally from Frederick County near Winchester, Virginia.

Mr. and Mrs. Harper, who make their home in Lawrenceville, have two married daughters, and a son in college. They are also the proud grandparents of two boys and two girls.

Mr. Harper feels that, we have been very fortunate this year in having been able to fill vacancies in the teaching staff. He would like to extend a most cordial welcome to our new teachers and to thank those teachers who have returned to retirement after helping us open school in September.

The following is a direct quote from our new Administrator. "Although we are still crowded somewhat for space everyone, students, teachers, and patrons have been very cooperative and helpful. With this type of cooperation, I feel that we have had a most successful school year. I am particularly impressed with the fine attitude exhibited by the students, which also carries over to the teachers.

I believe this school has much to offer, and I hope and trust that each student will take advantage of the opportunities offered him. I know that the school and all concerned with it are most appreciative of the contributions made by the students.

I wish to extend to the annual staff and its sponsors my sincere thanks and appreciation for the work and effort they have put into this fine annual."

Ready to serve.

Through the sponsorship of numerous fund raising activities, the P.T.O. succeeded in paying for a number of the school buses. This year's activities included: the October Fair, an auction sale, Brunswick stews, and bi-monthly collection of old newspapers.

The major function of the P.T.O., however, is to promote a further uniting of the faculty and patrons of Brunswick Academy.

Brunswick Stew—always a winner!

L. to R.— R. B. Lynch, President; Frank Allen, Jr., Vice-President; Mrs. Mary Raiford, Secretary; Mrs. Erma Hyde, Assistant Secretary; Mrs. Geraldine Moore, Treasurer.

PARENT TEACHER ORGANIZATION

Truck loads of papers.

The candy looks delicious!

Can I ring one?

Mrs. Jean L. Cheely; Bookkeeper, Secretary.

Mrs. Mattie W. Killam, Bookkeeper

OFFICE STAFF

Mrs. Sandra D. Wrenn, Secretary

Our indispensable office staff contributes much toward the smooth operation of the Academy.

The duties of these three are too numerous to mention, but despite the many interruptions in their work caused by questions of students and teachers, they still remain patient and smiling.

BUS DRIVERS: FIRST ROW, L. to R.— Mrs. Jane Martin, Mrs. Ida Mitchell, Mrs. Mamie Sue Moseley, Mrs. Fannie Belle Harrison, Mrs. Carol Butler, Mrs. Geraldine Moore, Mrs. Joyce Lafoon, Mrs. Lois Grizzard, Mrs. Ida Jean Bennett, Janice Driver. SECOND ROW, L. to R.— W. Edwards, B. Doxtator, K. Webster, B. Edwards, D. Hawkins, J. Smith, P. Dark, W. Griffin.

BUS DRIVERS AND SAFETY PATROL

SAFETY PATROL: FIRST ROW, L. to R.— A. Glenn, D. King, G. Keeling, B. Pearson, S. Hamlin, P. Clary, A. Golding, K. Owen, D. Williams. SECOND ROW: L. to R.— A. Moody, S. Allen, K. Webster, E. Bennett, T. Pernell, J. Pearson, R. Hollar, J. Parrott, D. Bennett, R. Driver, M. Daniel.

SEATED: Mrs. Carol J. Butler. STANDING, L. to R.— Mrs. Fannie Belle Harrison, Mrs. Ida P. Mitchell, Mrs. Mamie Sue Moseley, Mrs. Joyce C. Lafoon, Mrs. Ida Jean Bennett.

Donald Crane receives counseling from Mr. Long.

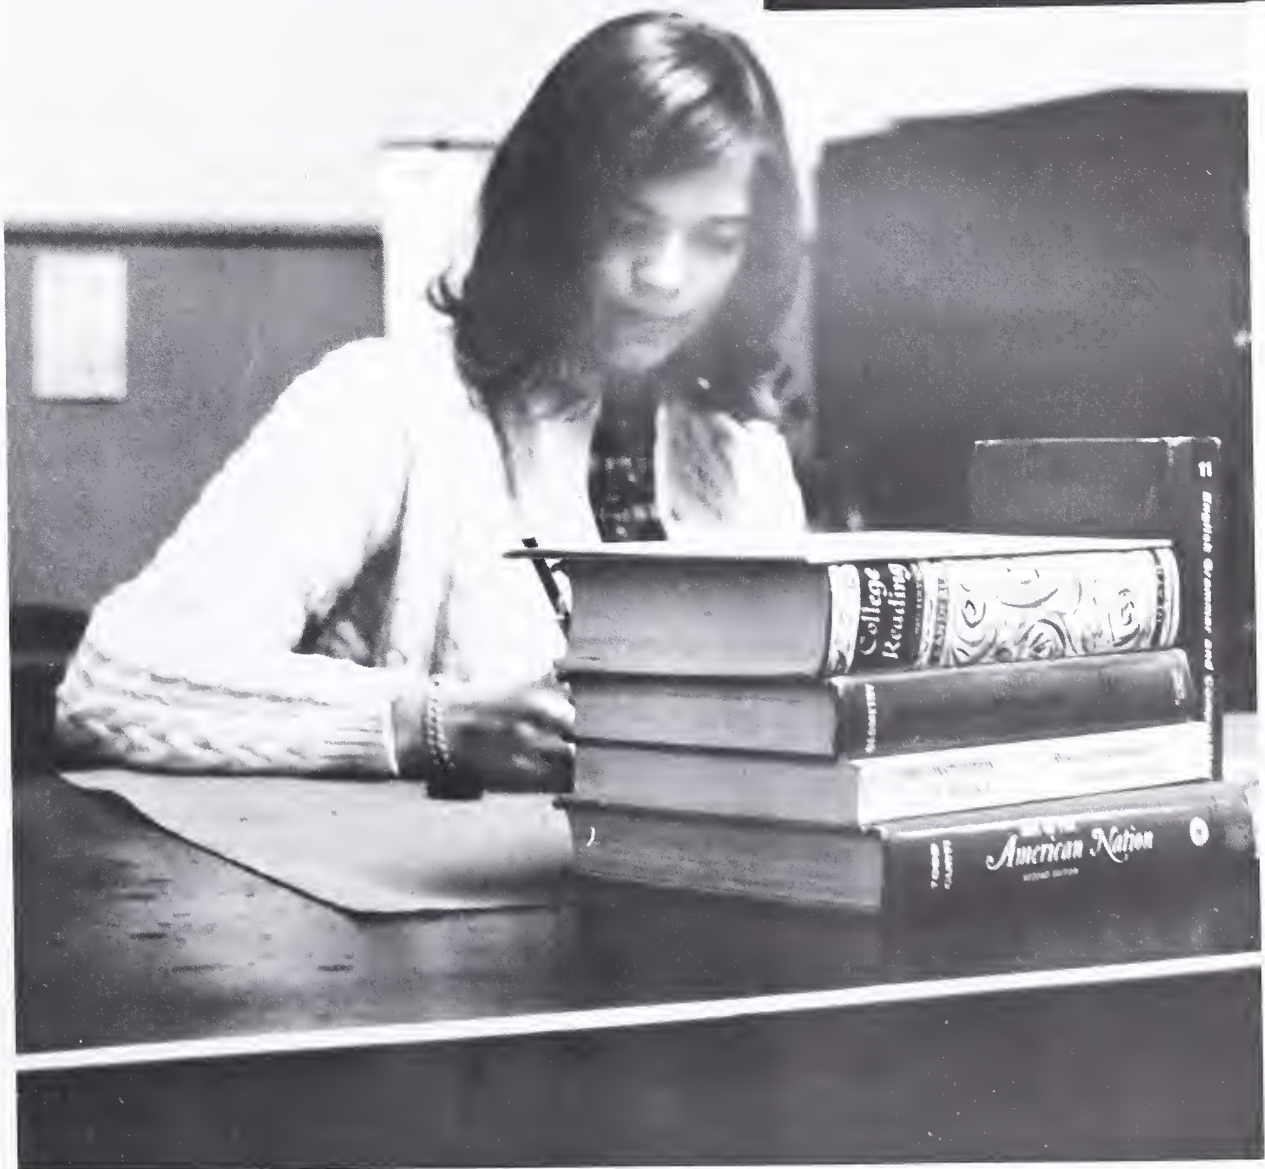

GUIDANCE DEPARTMENT

SEATED: Mr. Clifford Long, Pam Tereschenko. STANDING: L. to R.— Phnon Dockery, Glenda Grizzard.

ACTION in CURRICULUM

ENGLISH DEPARTMENT

Mr. Holland Lectures before English class.

Mrs. Flinn prepares to face Senior English.

The purpose of the English Department is to stimulate students to attain mastery of language skills. In order to accomplish this, emphasis is placed on the importance of understanding the fundamentals of grammar and functional mechanics as well as techniques of composition. The need for vocabulary enrichment is also stressed. Creative writing is encouraged and research is required.

Finally, the world of literature is explored so that students may learn to become discriminating readers by gaining a knowledge of the criteria by which literature is judged.

Mrs. Levesque puts up poster to encourage reading in her English classes.

MATHEMATICS DEPARTMENT

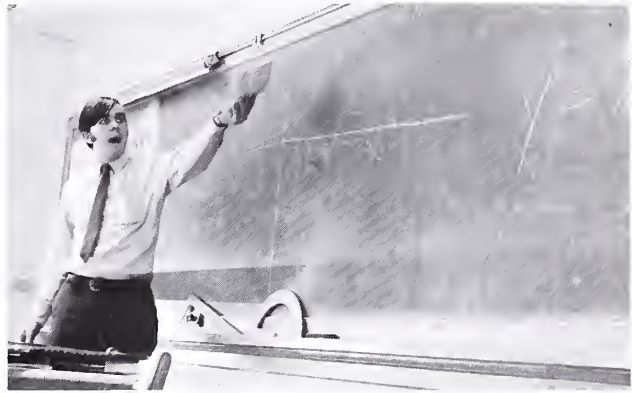

Six mathematics courses are offered this year at the Academy, two of which are required for graduation.

Math Eight is a course in "Basic Modern Mathematics" which provides the necessary mastery of basic number skills as well as logical reasoning.

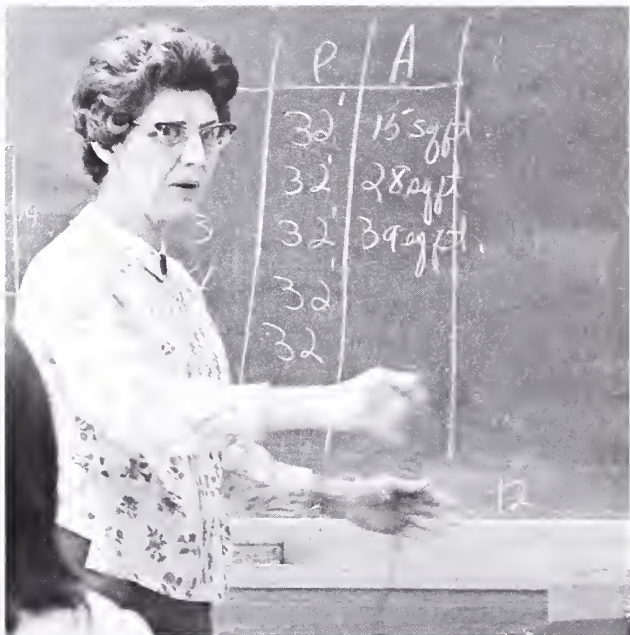

Algebra I is required for Freshmen. In this course, a simple Algebra is introduced which paves the way for a more detailed study in Algebra II.

Juniors may take Geometry which deals with theorems, proofs, and reasoning. Seniors are offered an advanced math of Trigonometry and Algebra.

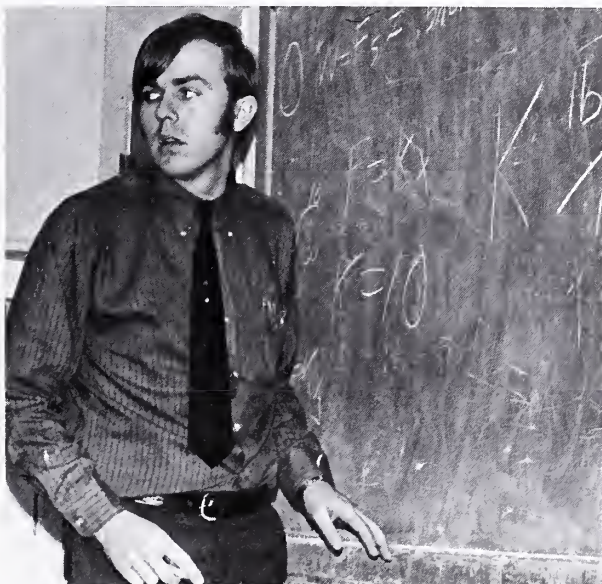

The main objective of the Mathematics Department is to teach students to THINK in an analytical manner.

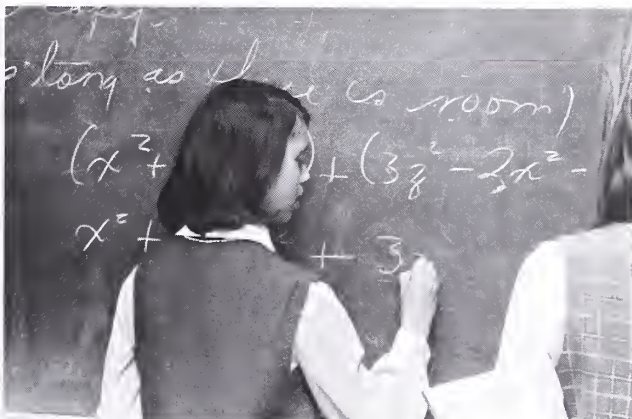

Mr. Miller explains addition of Trig. functions.

Mrs. Doris Jones shows relation of area and perimeter.

Who's not paying attention?

Kathy Cheely practices Algebra I homework.

SCIENCE DEPARTMENT

Mr. Witten prepares a culture dish.

Chemistry students produce hydrogen.

Science courses are stressed throughout the students' secondary school career.

Our Eighth graders study a course in general science, while our Freshmen take a more detailed look at general science accompanied by laboratory work.

Sophomores are required to have Biology which includes a great deal of experimentation.

In Chemistry, the students learn how chemicals combine to give us the world in which we live.

Physics is concerned with the study of our physical world and the operation of machines. Various phenomena such as light, heat, sound, and electricity are explored.

Physics class explores the spring constant.

Susan Hamlin demonstrates the telegraph.

FOREIGN LANGUAGE DEPARTMENT

FRENCH
LATIN
SPANISH

Mr. Witten points out French sentence structure.

Our Foreign Language Department is comprised of three languages of two years each. These languages, French, Latin, and Spanish, greatly enrich our curriculum.

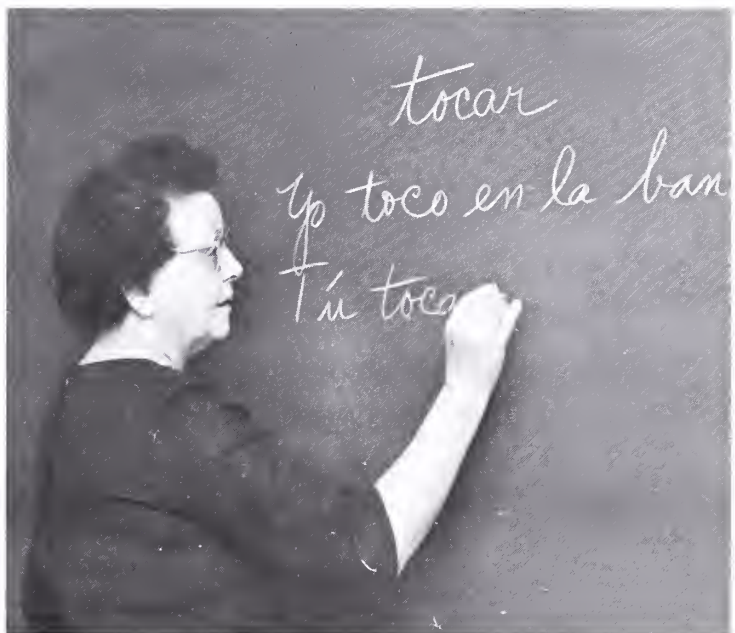

In the first year classes, the students learn the fundamentals of grammar and basic vocabulary. Second year students take a more detailed look at the particular language under study. Latin II classes delve into the campaigns of Julius Caesar.

Spanish classes emphasize the art of speaking. Conversations are held in Spanish in order to improve pronunciation and diction.

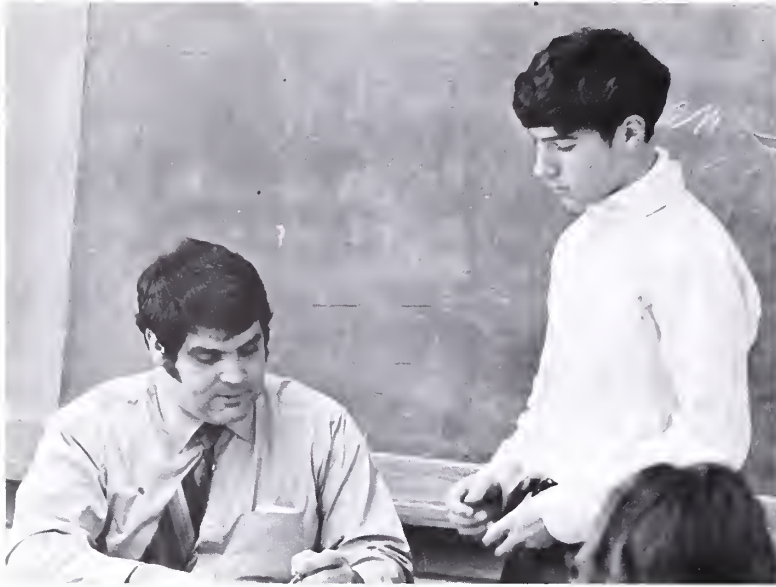

Student gets Mrs. Butler's undivided attention in Latin Class.

Miss Wilson conjugates "tocar" for Spanish students.

SOCIAL STUDIES DEPARTMENT

Mr. Conrad checks Jeff Parrott's work.

Mr. Wills prepares for class.

Our Social Studies program offers something of interest for every grade level.

Eighth graders begin with American History which tells the story of Colonial times as well as our modern space age.

World Geography and World History, offered to ninth and tenth graders, deal with the geography, governments, leaders, and beliefs of nations.

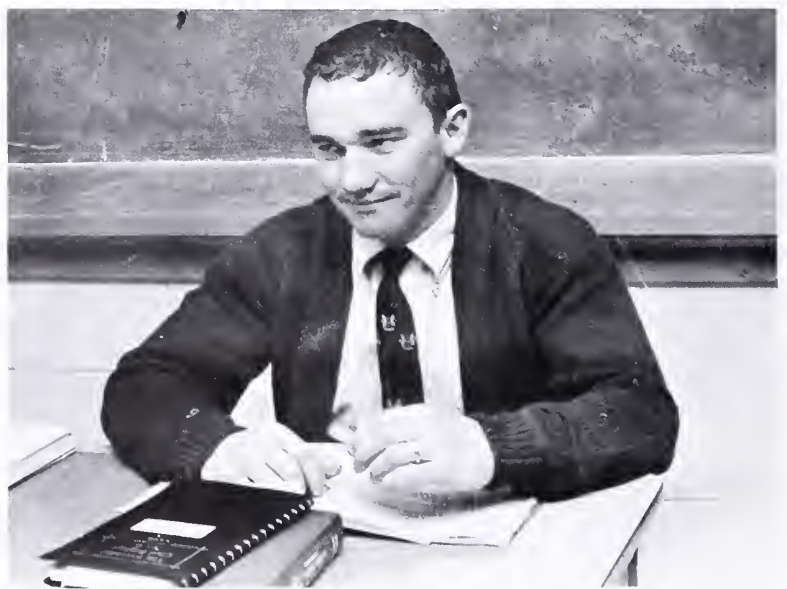

A required course in American History is provided for Juniors. This is a more detailed study of our country's past.

Seniors concentrate on American Government; a class which combines the study of the formation of our system of government with current developments in politics.

As an elective, Sociology benefits many students.

A U.S. map in the making.

Mr. High reviews for a test.

COMMERCIAL DEPARTMENT

Mrs. Raiford explains debits and credits.

Dictation can be fun!

The Commercial Department offers a variety of courses for vocational students.

Two years of Typing allow students to become acquainted with the skills of touch typing and also the procedures for typing letters, invoices, memos, and other forms. For the future secretary, a two year course in Gregg Shorthand is available.

Bookkeeping familiarizes the aspiring accountant with the basic procedures in the bookkeeping cycle.

Business Math is a course designed to benefit students as consumers or as businessmen. It deals with savings and investments, taxes, home ownership, and other problems connected with business enterprises.

Office Practice is offered for the first time this year. This class provides a general background which is essential for all office employees.

Office Practice students caught in a typical chore.

Sit up straight, eyes on your copy, etc., etc., etc.

Mr. Clary grins and bears it!

Three years of physical education are required for graduation at Brunswick Academy.

Eighth graders study a basic health course. The Freshmen and Sophomores may take Driver's Education.

This year, for the first time, we have separate classes for boys' and girls' Physical Education.

Our students are required to remain in the classroom for a required number of hours of textbook work and spend a certain amount of time on the athletic field. Students enjoy such activities as volleyball, football, basketball, and baseball when the weather permits.

PHYSICAL EDUCATION DEPARTMENT

Warren, Joan and Ronnie work hard on Health project.

Driver Ed. students watch film on highway safety.

Mrs. Jones pauses after checking roll in Girls' P.E. class.

ACTION in CLASSES

Please answer only for your own name!

The sixth and seventh graders were introduced this year to changing classes and a variety of teachers which should help them make a smooth transition to the Upper School.

To teach an understanding of principles and the way to apply them to problem solving, is Mrs. Glidewell's primary aim. Her secondary aim is to increase the student's ability to think scientifically.

Mr. Langford teaches English in its natural sequence, which is first observing and listening, and then speaking.

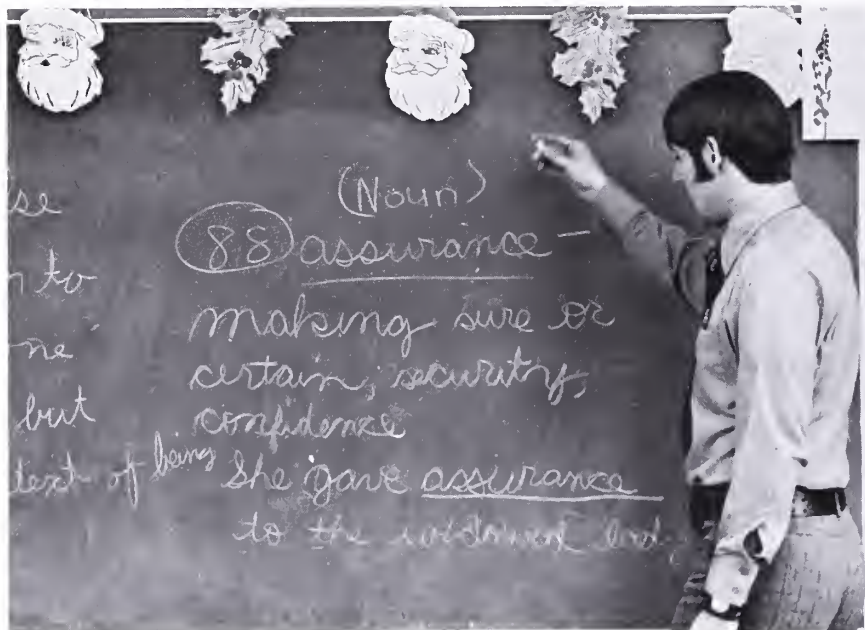

Mrs. Nash places emphasis on logical reasoning, patterns, structure, and mathematical skills.

Mr. Kerrigan, in teaching reading, emphasizes vocabulary expansion and reading for comprehension.

Mr. Wiley examines Virginia's past with his seventh grade social studies class, and with the sixth grade, explores the history of the Old World.

SIXTH AND

Another assignment, Mr. Kerrigan?

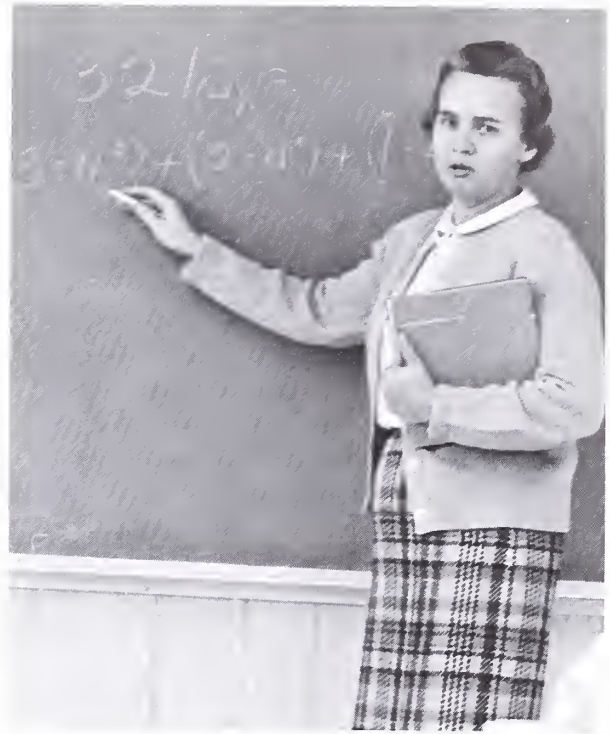

The end of

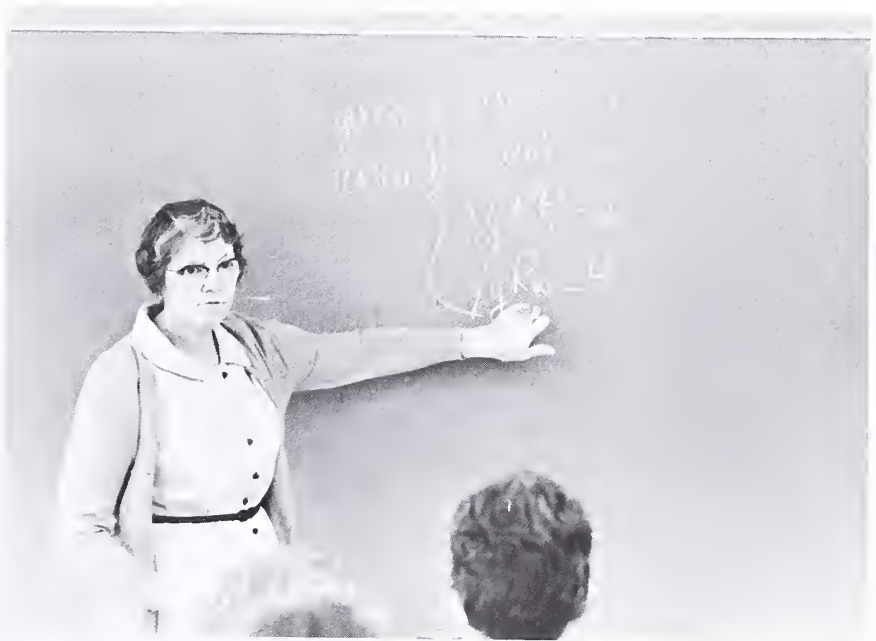

Good morning, class.

Base 4 is actually simple . . .

SEVENTH GRADES

Biology in the sixth grade?

FIFTH GRADE

Mrs. Steed records grades in her little black book.

Displaying geometric designs.

Since their first year of school, our boys and girls have had many learning experiences in language arts, social studies, health, science, mathematics, and in other areas of the curriculum. In the Fifth Grade, we still emphasize these areas while meeting the individual needs of each student and presenting challenges to them to stimulate their desire to learn and accomplish.

Reading is one medium of learning of which we make special use. Our aim is to make the student aware of the satisfaction and enjoyment which can be found in books!

Blackboard drill.

Mrs. Chandler hands out pictures to happy fifth graders.

FOURTH GRADE

Mrs. Mitchell makes an assignment.

Mrs. Pennington begins Spelling lesson.

Our goal is to achieve high academic standing, impeccable character, pleasing personality, and outstanding citizenship.

Emphasis is placed on the fundamentals of reading, mathematics, and language.

Fourth graders must learn to listen carefully and think and work independently.

"O Christmas tree, O Christmas tree . . ."

Let it snow!

THIRD GRADE

Mrs. Reed ponders lesson plans.

The third grader is in an expansive phase of development. His work is geared to meet the needs and interests of the inquisitive mind. Attitudes are developed and organized through their personal experiences.

Third graders enjoy drama, creative art, puppetry, and field trips. These activities satisfy their need for action and at the same time, extend their knowledge and awareness of their communities.

They learn to master reading, writing, arithmetic, science, and health. Their school life is full of studying, making friends, playing, and doing all the things which help them to become happy, healthy, and competent boys and girls.

Mrs. Blackwell cultivates young readers.

"Frosty" beams on happy scene.

Budding artists.

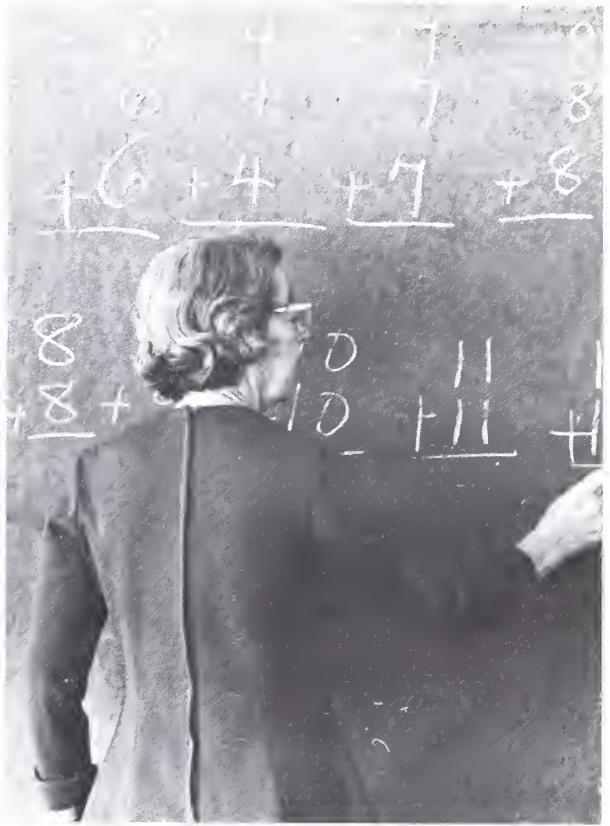

SECOND GRADE

In addition to the three R's, our aim is to stress the importance of safety at all times; also, to help second graders realize the meaning of listening attentively, following directions, and accepting responsibilities.

We try to train our pupils to have pleasing manners and to be polite at all times. We use every opportunity to strengthen character and use stories of good deeds to build integrity.

The importance of the community in our daily lives is brought out through the use of books, guest speakers, and field trips.

Although there is a great deal for the second grader to learn, and much of his time must be spent with books, we do not overlook the importance of active play and outdoor exercise. Our aim is to build strong minds and bodies.

Mrs. Temple shows how to find sums.

Mrs. Hawthorne's pupils read an interesting story.

Miss Willis hangs Christmas stockings.

FIRST GRADE

Mrs. Hazelwood and her smiling helpers trim the tree.

In an effort to meet the needs of first graders, we accentuate the importance of listening and following directions.

Our two most important aims are: to provide a strong phonics program that will lay a good foundation for independent reading, and to give a thorough understanding of the simple concept of numbers.

Through our social studies, we learn to work and play well together. We also learn to love and appreciate our homes, communities, state, and country.

Mrs. Land invites pupils and visitors into first grade room.

Mrs. Crichton and part of her Reading circle.

Learning to count is hard work!

KINDERGARTEN

Our Kindergarten is a busy one.
 We work, and play, and have lots of fun.
 We learn our numbers and ABC's,
 And how to say, "thank you," and
 "please."

We listen to stories and also sing,
 But most of all, the important thing
 Is to learn to follow The Golden Rule
 In all our life at home or school.
 If we can do this every day,
 Our lives will be successful
 In every way.

Mrs. Nash helps find the missing part.

Now this is how you do it!

JUNIOR MISS BRUNSWICK ACADEMY 1970

Kathy Bradley receives trophy from
Mary Catherine High, former Jr.
Miss B. A.

L. to R.: Carolyn Daniel, second
runner-up; Kathy Bradley, JR.
MISS BRUNSWICK ACADEMY;
Mitzi Seymour, first runner-up.

LITTLE MISS BRUNSWICK ACADEMY 1970

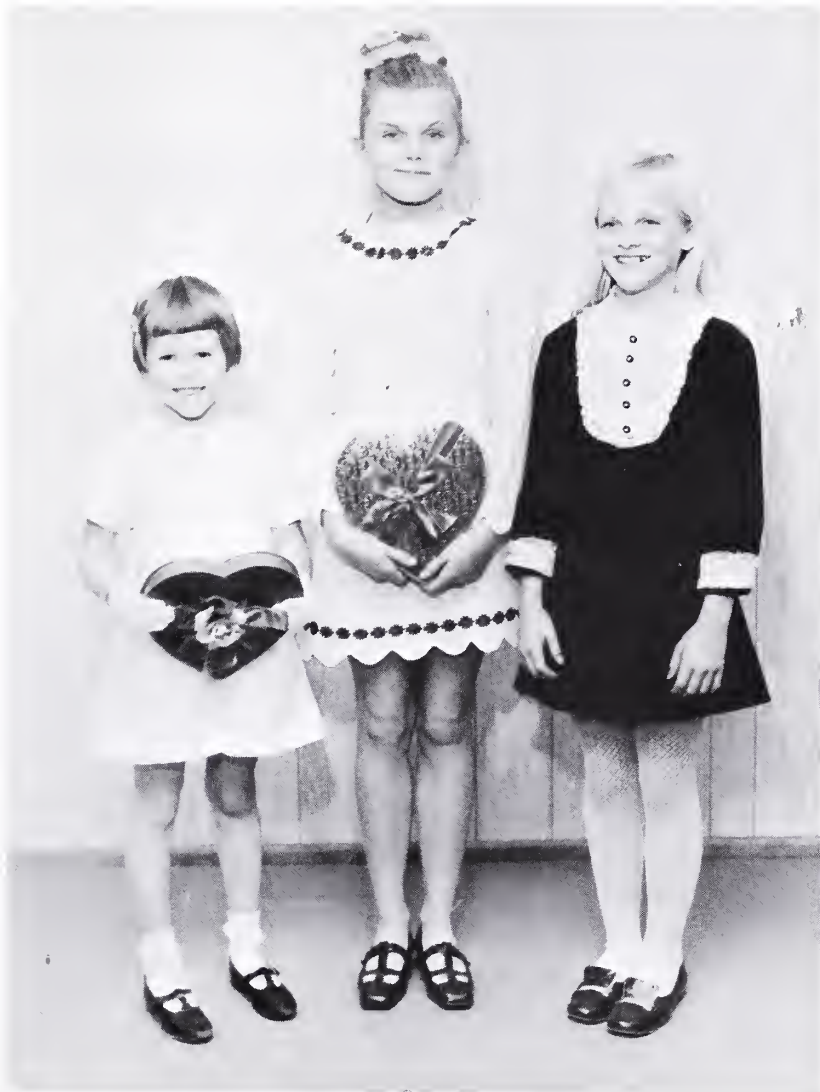

1969 Little Miss B. A., Cheryl Cheely, crowns Stacy Harrup, new queen.

LITTLE MISS B. A., Stacy Harrup, poses with first runner-up Cindy Vincent on right, and second runner-up Kim Clary on left.

LITTLE QUEEN OF HEARTS 1969

Little Queen of Hearts, Sue Golding

L. to R.: Cathy Pearson, First Runner-up; Sue Golding, LITTLE QUEEN OF HEARTS; Libby Coleman, Second Runner-up.

Anyone for jumping rope?

Stick 'em up!

Lining up for ice cream.

STUDENT LIFE

Everyone wants a newspaper.

Contestants wait anxiously . . .

And don't move!

Don't let him get away.

STUDENT LIFE

Future football stars.

Judges ponder over a winner for the Junior Miss Brunswick Academy Contest.

Daydreaming time?

Trimming the tree.

Decorating the Bulletin Board.

STUDENT LIFE

Counting the days till Christmas.

First Graders present a play.

The homeward rush!

Around the corner... across the state...

This year has been a year of growth and change for Brunswick Academy. Our enrollment has increased enormously making additional staff and facilities necessary. New activities and organizations were added to provide a more rounded social life.

All these developments put great pressures on the yearbook staff. Ideas carefully developed during the summer had to be scrapped and new ones formulated. The size of the yearbook had to be enlarged and the enormous task of selling ads lay before us. Large numbers of pictures of many school activities had to be taken. With the untiring efforts of staff members and other concerned persons, we have completed our task. We hope that the 1970 Viking will be enjoyed by all.

The editorial staff would like to take this opportunity to extend our heartfelt thanks to those who have helped to make this yearbook possible — the staff for long hours of hard work, often without reward or recognition; the sponsors for advice in production and management; the advertisers for their financial backing; and all other persons who worked to make this yearbook possible.

Special appreciation is extended to Mr. T. E. Blick, Jr. of the Brunswick Times-Gazette for his help in layout planning and photography. Mr. Blick gave freely of his valuable time and advice, although he is not connected with the school.

The Editors
